OCCUPATION: Small Business Owner

As your governing board member, I have been working to ensure excellence and opportunities for students at our colleges. During my term, I have made a difference and I am proud to report that we are:

Maintaining a balanced budget and healthy reserve.

Ranked the most efficient college district in the state.

Increasing educational opportunities by overseeing new business development and academic programs for both Santa Ana College and Santiago Canyon College.

Improving educational access by expanding our campuses through land acquisition and the construction of new classroom buildings.

I am committed to our community, taxpayers, and students and I will continue my efforts to provide quality courses and programs.

My vision includes:

Ensuring efficient use of tax dollars.

Increasing traditional academic core courses.

Increasing technology, computer, and vocational training.

Continuing to provide safe campus sites for students and staff.

Like you, I strongly believe that a college education advances the economic potential of our students and improves our community. With your continued support for my leadership, together we can ensure that our colleges will continue to serve our community's needs.

I appreciate your vote.
